MR. CLEVELAND'S SPRECH.

Bis Arraignment of Vote-Buying Com-

The enthusiastic reception tendered last right to ex-President Grover Cleveland in the Lenox Lyceum by the business men of this city is a general topic of discussion in downtown circles to-day.

Mr. Cleveland's powerful speech, in which he arrangued the Republican methods of Presidency-buying, is tingling sharply in the cars of those who heard it, and the belief is general that it gained many votes for the Democratic candidates.

GEN. GRESHAM'S LETTER.

Declares He Shall, Vote for Cleveland and Gives His Reasons.

All doubt as to the attitude of Judge Walter Q. Gresham, of Indiana, in the present contest, is dispelled by the publication of a letter just issued by him, in which he says he will

vote for Mr. Cleveland.

He declares that the McKinley bill foaters trusts and monopolies, and the high tariff law has neither benefited labor nor en-nanced the price of farm products. 40.000 FOR CLEVELAND.

Resellite, a powder resembling in appearance moist brown sugar and smelling like fresh concrete. It is the invention of Dr. Rosselle concrete. It is the invention of Dr. Rosselle and is made by mixing one lart to seven of chlorate or porash and aspination oil. It is one of the safest known high explosives to handle and can be explosided only by means of a detonating fuse. It ranks above dynamite at an increase of the rather expensive oxygen-hydrogen balloon. It is a vast paper bag, 50 feet points and is cheap.

The other explosives is intended to take the place of the rather expensive oxygen-hydrogen balloon. It is a vast paper bag, 50 feet in diameter, filled with care borsetted vaper, which explodes with energiation.
